

Molalla River Alliance

What We're All About

- ✓ Keep the Molalla running clean and cold.
- ✓ Support family-friendly recreation.
- ✓ Protect and restore natural habitat.
- ✓ Promote wild fish recovery.
- ✓ Sponsor outdoor education seminars.

Building a new campsite along the river.

A cozy spot to put up a tent.

A streamside seminar with DEQ biologist Karen Williams

Sheila Afsen's geology seminar

Dawn Gilkison leads a seminar on native flora.

Bouncing through Baby Bear Rapids.

Headwaters field research with biologist Ted Labbe.

Mapping obstacles to fish passage on Molalla tribs.

MRA outreach at outdoor events.

A place called "Lower Heaven."

Refuge water.

Shaded spawning water.

A frothy stretch.

Table Rock Fork meets Copper Creek Fork.

Home waters for winter steelhead.

Papa Bear Rapids.

Big wood about to fall.

A quiet reach.

Steelhead spawners in the gravel.

A geologic wonder: the great basalt rosette.

A nursery for new fish.

A friendly side channel for native coho.

A steelhead prize to admire and release.

Mark lands a bigger one.
